

## New Normal

TAT would like to remind all to continue to adhere to health and safety routines to protect themselves, as well as others from the COVID-19 infection.

Keeping social distancing

Wearing a surgical mask or cloth mask when going outside

Frequently washing hands.

Avoid close contact with other persons, no hugging, especially with vulnerable groups

People can greet via a Wai (Thai greeting) from a distance of 1 or 2 metres.

**When staying together, people must wear masks, use personal utensils or serving spoons, or eat a la carte servings to protect themselves and loved ones from getting the disease.**
