

Country Action Plans

Sri Lanka

Key Outcomes	Major Activities	Short term (0-2 Yrs)	Medium term (3-5 Yrs)	Long term (6-10 Yrs)
Developed and/or strengthened emergency response coordination mechanisms and partnerships	1 Conduct meetings of Sri Lanka Preparedness Partnership (SLPP) as an effective implementation mechanism to coordinate the stakeholders for Preparedness for Emergency Response	●		
	2 Organize Consultation Meetings at District/Divisional levels for active participation and improving existing coordination mechanisms for ER	●		
	3 Organize Coordination Meetings at the village level Disaster Management Committees enabling the active participation of the Civil Society Organizations together with local community members	●		
	4 Register LNGOs/CSOs in SLPP at District/National levels	●		
	5 Strengthen existing mechanisms to get Local Government Authorities active participation in District/ Divisional ER activities	●		
Strengthened National and Local Humanitarian Organizations' capacities on emergency response through priority training and learning actions	1 Develop RINA tools and trainings on RINA tools and relief guidelines	●		
	2 Assess the private sector engagement for business resilience and conduct trainings on business continuity plans for large scale companies and SMEs	●		
	3 Impart specialised trainings at divisional level to establish rapid mobilization outfit at Village Disaster Management Center (VDMC) level	●		
	4 Impart Trainings on hazard identification, risk assessment and risk mapping for the stakeholders	●		
	5 Prepare and Develop Emergency Preparedness Plans at Divisional level	●		
	6 Formulate and develop National Search and Rescue (SAR) Operation Guidelines	●		
	7 Facilitate the commencement of professional short courses on disaster risk reduction at identified institution/s to offer accreditation to Youth Volunteer Groups on: First Aid, Boat Riding, Rescue from Drowning and Landslides etc.		●	
	8 Conduct baseline risk mapping for Micro, Small and Medium enterprises to current risks (Vulnerability, capacity, exposure)	●		
	9 Raise awareness and train the village level volunteer groups to act as first respondents during emergencies	●		
	10 Impart Trainings on SOPs/ICS/Emergency Response plan to Governmental staff at National, District and Local levels	●		
Learning and knowledge management systems on emergency response initiated and institutionalized	1 Develop online platform at the national level for knowledge and information sharing on Disaster Management	●		
	2 Developing IEC and knowledge materials	●		
	3 Developing a database for search and rescue training, equipment, deployment and other details		●	
	4 Assisting Village DMCs to maintain a village level data base through the DDMCU with necessary formats for reporting	●		
	5 Establishing an expert roster for Preparedness for ER in National level	●		
	6 Coordinating and involving the Academia for more focused and innovative research on mechanisms of preparedness to emergency response	●		
	7 Developing and Integrating courses on preparedness for ER in the curriculum for undergraduate studies		●	
	8 Conducting symposiums on preparedness capacities and mechanisms of ER in the country and new search on ER mechanisms			●

Country Action Plans

Pakistan

Key Outcomes

Major Activities

Short term (0-2 Yrs) Medium term (3-5 Yrs) Long term (6-10 Yrs)

Key Outcomes	Major Activities	Short term (0-2 Yrs)	Medium term (3-5 Yrs)	Long term (6-10 Yrs)
Developed and/or strengthened emergency response coordination mechanisms and partnerships	1 Conduct scenario-based Simulation Exercises and Mock drills by involving government, LHOs, INGOs, Academia, media and corporate sectors at district, provincial and national level to increase understanding and agreement of coordination roles in crises	●	●	●
	2 Organize consultation meetings with the Federation of Pakistan Chamber of Commerce and Industry and Chamber of Commerce at regional/district level for effective utilization of CSR Fund and development of engagement framework	●	●	●
	3 Establish Transition Working Group to link humanitarian and development work being undertaken by the stakeholders	●	●	●
	4 Conduct meetings for agreement on common standards for 'Coordination Capacity' and to address the gaps existing by NDMA, PDMA, UN agencies, PHF, NHN, Academia, Federation of Pakistan Chamber of Commerce and Industry and PEMRA	●	●	●
	5 Organize meetings with the donor agencies to fund and support adapted, context-relevant coordination mechanisms	●	●	●
	6 Conduct research to document potential models for coordination, particularly at subnational and inter-Cluster level, which includes case study examples by Academia	●	●	●
	7 Conduct regular coordination architecture reviews to ensure coordination mechanisms are most appropriate for evolving contexts	●	●	●
	8 Develop contingency plans at national and sub-national levels	●	●	●
	9 Consultation meetings with private sector for investments in emergency preparedness and making agreements on Pre-positioning of supplies	●	●	●
	10 Develop and determine criteria for participation in cluster mechanisms along with Government, UN and other agencies involved	●	●	●
	11 Update and amend the NDM Act 2010, to recognize private sector as an actor at national, provincial and local level	●	●	●
	12 Consultation Meetings to include the private sector in on-going risk financing mechanisms	●	●	●
	13 Formulate systems/mechanisms for acknowledging the contribution of private sector for disaster preparedness and emergency response	●	●	●

Key Outcomes	Major Activities	Short term (0-2 Yrs)	Medium term (3-5 Yrs)	Long term (6-10 Yrs)
Strengthened National and Local Humanitarian Organizations' capacities on emergency response through priority training and learning actions	1 Develop standardized checklist to review existing organizational strategies/policies for concerned stakeholders in order to integrate emergency response	●	●	●
	2 Develop a roster of trainers, from the existing capacities in the country, for sector specific trainings at district, provincial and national level	●	●	●
	3 Conduct Training of Trainers (ToT) to build a core of competent trainers/facilitators at national and district levels	●	●	●
	4 Develop training curriculum and its delivery mechanisms to train concerned stakeholders on policy development and contextualization related to gender sensitive workplace and preventing sexual harassment and abuse policies	●	●	●
	5 Develop and conduct priority training courses based on results and outcomes of the baseline assessment	●	●	●
	6 Develop and manage national emergency response experts roster	●	●	●
	7 Conduct webinars and meetings with stakeholders to develop intern/volunteer policies for emergency response with involvement of academia	●	●	●
	8 Organize seminars/workshops for creating awareness on staff capacity building, risk insurance and compensation and acquiring memberships and certifications from different standardization bodies such as Pakistan Centre for Philanthropy (PCP), ISO and CHS Alliance	●	●	●
	9 Organize advance level trainings on Monitoring, Evaluation and Learning for government LNGOs	●	●	●
	10 Develop and impart trainings to media on humanitarian principles and values, role of media for emergency preparedness and response and humanitarian reporting	●	●	●
	11 Conduct trainings for government staff and LHOs on CHS and Sphere Minimum Standards.	●	●	●
	12 Conduct small scale studies to explore possibilities of accreditation for the Certificates of Competency with universities or professional bodies to create a ladder of opportunity for humanitarian workers to achieve University Certificates/Diplomas through accumulation and transfer of Credits	●	●	●
	13 Conduct trainings for LNGOs/CSOs, media and corporate sector on competencies required and knowledge for effective humanitarian coordination	●	●	●
	14 Establish Cooperate Social Responsibility (CSR) committees in all chambers of commerce & industry and trade bodies to include focus on Disaster management	●	●	●
	15 Develop/formulate resource generation policy for DRR involving all concerned stakeholders	●	●	●
	16 Develop and impart trainings on knowledge and information management to government entities and LNGOs/CSOs	●	●	●

Key Outcomes	Major Activities	Short term (0-2 Yrs)	Medium term (3-5 Yrs)	Long term (6-10 Yrs)
Learning and knowledge management systems on emergency response initiated and institutionalized	1 Develop knowledge management mechanisms in consultation with government, LHOs, INGOs, Academia, Media and Corporate Sector	●	●	●
	2 Conduct capacity assessment of Digital Resource Centre (DRC)-NHN and develop it further for functioning as focal point for National Information Portal for the Humanitarian Systems in Pakistan	●	●	●
	3 Link DRC with the district, provincial, national, regional and global platforms	●	●	●
	4 Develop linkages with the universities to regularly conduct consultative sessions, learning seminars and planning meetings to identify research areas in humanitarian ecosystem in Pakistan, facilitate academia in collecting data for the research studies, share latest work and best practices on Disaster management through specialists	●	●	●
	5 Conduct research on knowledge management Systems for emergency preparedness and response	●	●	●
	6 Develop awareness and outreach material for corporate sector on its role in emergency preparedness and response	●	●	●
	7 Convene and organize advocacy events for Higher Education Commission (HEC) and Higher Education Department (HED) to integrate disaster risk management and humanitarian leadership into the university curricula	●	●	●

Country Action Plans

Philippines

Key Outcomes	Major Activities	Short term (0-2 Yrs)	Medium term (3-5 Yrs)	Long term (6-10 Yrs)
Developed and/or strengthened emergency response coordination mechanisms and partnerships	1 Finalize Terms of Reference for Steering Committee and Technical Working Group for the National APP Platform/Philippines Preparedness Partnership	●		
	2 Organize consultations on Strengthening Coordination Mechanisms for Response Workshop with CSO/DRRNet, NAPC-VDC, Government, and SMEs/Private Sector	●		
	3 Conduct of National Consultation on Harmonizing Existing CBDRRM Curriculum with Basic Sectors (namely Fisher Folk, Farmers, Urban Poor, etc.)	●		
	4 Develop Emergency response plans and conduct simulation drills in pilot villages and conduct trainings on Strengthening Local Response and Recovery Mechanism in selected villages in Hyan Affected villages of Samar-Leyte Provinces	●		
Strengthened National and Local Humanitarian Organizations' capacities on emergency response through priority training and learning actions	1 Develop training modules and impart trainings on Disaster Response and Recovery (including topics on Rights-based Humanitarian Action and Protection, Core Humanitarian Standards, Partnerships and Collaboration	●		
	2 Develop training modules and impart trainings on Conflict -sensitive Rights based Humanitarian Action and Protection, Core Humanitarian Standards, Partnerships and Collaboration	●		
	3 Conduct a Youth Forum on Disaster Management in the National Capital Region (Metro Manila wide only)	●		
	4 Establishment of Public Sector Continuity Management for Local Government Units	●		
	5 Establishment of Service Continuity Management to Enhance Surge Capacity of Local Humanitarian Actors	●		
	6 Impart trainings on Business Continuity Management for Small, Medium Enterprises	●		
	7 Impart trainings on Supply Chain Resilience through the conduct of the "Train for Business Resilience" (T4BR) training-workshops	●		
	8 Conduct annual Learning Exchange Program (country-level) with possible participation of other countries	●		
Learning and knowledge management systems on emergency response initiated and institutionalized	1 Reproduce and disseminate the localized Core Humanitarian Standards	●		
	2 Produce Information Education and Communication material on activities related to strengthening disaster preparedness for response and recovery as well as coordination and partnerships	●		
	3 Develop IEC materials and case study documentation for Service Continuity Management	●		
	4 Produce and disseminate promotional materials on private sector engagement in disaster preparedness, response and recovery	●		

Country Action Plans

Cambodia

Key Outcomes

Major Activities

Short term (0-2 Yrs) Medium term (3-5 Yrs) Long term (6-10 Yrs)

Key Outcomes	Major Activities	Short term (0-2 Yrs)	Medium term (3-5 Yrs)	Long term (6-10 Yrs)
Developed and/or strengthened emergency response coordination mechanisms and partnerships	1 Create a country working group (National Management Group) or Preparedness Partnership for Cambodia (PPC) and regular coordination meetings between NCDM, Private Sector and CHF	●	—	
	2 Organize coordination meetings with the National Humanitarian Forum for improving engagement of partners for preparedness for response and recovery	●	—	—
	3 Conduct National Workshops for focal persons in concerned Ministries, NCDM and PCDM staff on the Disaster Management (DM) Law to support them and to set up a DM unit or secretariat at each concerned ministry	●	—	—
	4 Organize Consultation meetings for standardizing emergency assessment tools in the country with the stakeholders	●	—	—
	5 Regular participation by PPC National Management Group (PPC-NMG) in the humanitarian coordination meetings organized by National Committee for Disaster Management (NCDM), Humanitarian Response Forum (HRF), Cambodian Humanitarian Forum (CHF) and Joint Action Group (JAG)	●	—	—
	6 Update the National Contingency Plans/Emergency Response Plans/Standard Operating Procedures (SOP) with defined roles for LNGOs, Private Sector etc.	●	—	—
	7 Organize Joint Simulation Exercises with Humanitarian Response Forum for Local NGOs, NCDM & PCDMs at national and sub-national level	●	—	—
	8 Organize, conduct and participate in the DRR day with NCDM, LNGOs, INGOs, Private Sector and other stakeholders	●	—	—
Strengthened National and Local Humanitarian Organizations' capacities on emergency response through priority training and learning actions	1 Develop Training Curriculum and impart pilot trainings based on the result and recommendations of the baseline assessment	●	—	
	2 Develop training course and impart trainings for private sector on Business Resilience and Business Continuity	●	—	
	3 Conduct evaluation of program/project and training courses	●	—	—
	4 Establish a Flood Safe Area in Kampong Thom Province and impart trainings on camp management			●
	5 Conduct research for improved private sector engagement in DRM and PPC	●	—	
	6 Develop and impart trainings on business resilience and business continuity management	●	—	
	7 Organize trainings/workshops for Volunteers to Response Group at community level (V2Rs) for preparedness to emergency response	●	—	—
	8 Conduct regular trainings for Cambodia Humanitarian Forum's Emergency Assessment Team (EAT) at national level and conduct trainings of EAT at provincial levels by the NCDM	●	—	—
Learning and knowledge management systems on emergency response initiated and institutionalized	1 Develop and maintain online platform for sharing of information regarding humanitarian and emergency response in the country	●	—	—
	2 Organize National and Sub-national Lessons Learned and Evaluation workshops	●	—	—
	3 Organize Networking and Knowledge Exchange Visits with other Programme countries of the APP	●	—	—
	4 Develop Information Education and Communication (IEC) materials and products for information and knowledge sharing to CHF and APP One Stop Knowledge Hub	●	—	—
	5 Organize Community Flood awareness campaigns annually at community level	●	—	—
	6 Set up database/data management systems and team for emergency response coordination		●	—
	7 Organize Study visits & best practice exchange between private sector networks in Cambodia and other APP target countries	●	—	—

Country Action Plans

Nepal

Key Outcomes

Major Activities

Short term (0-2 Yrs) Medium term (3-5 Yrs) Long term (6-10 Yrs)

Developed and/or strengthened emergency response coordination mechanisms and partnerships	1	Develop National Humanitarian Network and organize regular coordination meetings under Nepal Preparedness Partnership (NPP) involving all stakeholders (Government, NGOs, Private Sector, Media, Academia etc.)	●	—	
	2	Organize Provincial level coordination meetings with concerned stakeholders	●	—	—
	3	Organize coordination meetings at municipal levels to facilitate the creation of 'One Municipality One Disaster Management Team' and provide technical support to the teams thereafter	●	—	—
	4	Develop and/or update SOP/Emergency Response Plan/Contingency Plan from local to national level	●	—	—
	5	Organize activities for supporting Preparedness for Emergency Response at Local Level, such as Prepositioning of supplies, Simulations/Drills etc.	●	—	—
Strengthened National and Local Humanitarian Organizations' capacities on emergency response through priority training and learning actions	1	Take stock of existing training curricula on DRM, particularly on preparedness and response	●	—	
	2	Support National DRR/M Authority to implement capacity development activities	●	—	—
	3	Harmonize, develop training curricula and conduct pilot trainings at national/district levels based on baseline findings on risk assessment, coordination, knowledge management etc.	●	—	
	4	Conduct Training of Trainers (ToT) on preparedness for emergency response for the concerned stakeholders	●	—	
	5	Conduct networking events for developing innovation hubs and financing opportunities on preparedness and response including public private partnership opportunities with national/international organizations	●	—	—
	6	Create and train volunteer forces at local level and universities for emergency preparedness and response	●	—	—
	7	Organize national and sub national level trainings on Business Resilience and Business Continuity Management for the Private Sector	●	—	—
Learning and knowledge management systems on emergency response initiated and institutionalized	1	Organize mass media and awareness campaigns at community level to promote culture of safety	●	—	—
	2	Conduct research and analysis on DRM including preparedness, Post disaster Impact assessments, response and resilient recovery	●	—	—
	3	Collaborate with universities to integrate comprehensive research on Preparedness and Response and disseminate through the APP knowledge portal	●	—	—
	4	Contextualize and translate global frameworks into local context	●	—	—
	5	Develop and continuously upgrade Disaster Information Management System	●	—	—
	6	Develop knowledge and information products on localization processes, strengthening local level leadership, building capacity of local actors and coordination between stakeholders for preparedness for emergency response	●	—	—
	7	Support the existing National DRR Portal by developing and contributing IEC material	●	—	—

Country Action Plans

Myanmar

Key Outcomes	Programme Activities	MAPDRR Priority Action	2018												2019				
			May	Jun	Jul	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun	Jul		
Strengthened National and Local Humanitarian Organizations' capacities on emergency response through priority training and learning actions	1 Multi hazards management training for 8 partnership network in 8 disaster prone districts	2.4 Strengthening disaster management systems at national and sub-national levels in line with DM Law 2013 and Rules 2015	●-----												○----->				
	2 Three (3) persons each will be selected from 8 districts for advanced trainings to DMTC																●-----	○----->	
	3 Three (3) candidates will be selected again from 24 persons trained at DMTC and 3 candidates from DDM and 1 candidates each from CSO and Private Sector for ADPC regional course and they will become resource persons for capacity development in 8 districts	4.6 Improved community level disaster resilience through community-based preparedness, volunteerism, civil society organizations and foundations																●-----	○----->
	4 Forum on Business Resilience		●-----												○----->				
Developed and/or strengthened emergency response coordination mechanisms and partnerships	5 To initiate partnership workshops in disaster prone 8 districts where the baseline assessment has been done among CSO, Private Sector, Media and local authority	4.2 Improved disaster response system in Myanmar																●-----	○----->
	6 To establish coordination mechanism in 8 districts with DDMC (District Disaster Management Committees)																	●-----	○----->
Learning and knowledge management systems on emergency response initiated and institutionalized	7 Exposure trips to APP countries for knowledge exchange programs (8 persons each)																	●-----	○----->
	8 Organise MPP Task Force meetings for knowledge exchange		●-----					●-----										●-----	○----->
